As an integral part of the sealing system, one of the main functions of the sealing gasket is to form a seal between two other surfaces.

Product Parameter of the EPDM Rubber Gasket Sealer Black For Automotive Lamps:

①Product name: **EPDM Rubber Gasket Sealer Black For Automotive Lamps**

②Material: EPDM NBR Silicon or Can Custom

③Logo: Can Custom

④Size: Can Custom

⑤Can Custom: Black or custom

⑥Application: Automotive

⑦Certifications: IATF16949 ,ISO14001:2015,ROHS,CMC, etc

⑧Delivery: 30 -50days after sample confirmation

⑨Sample: 25-30 days

⑩Payment: 30% deposit, 70% payment before shipment

⑪Package: PE bags, Cartons, Pallet

⑫Payment Terms: T/T, L/C and so on.

⑬Shipment Way: Vessel, Air, Express etc.

Product Feature AND Application of the EPDM Rubber Gasket Sealer Black For Automotive Lamps:

EPDM Rubber Gasket Sealer have the function of Ozone resistance, heat resistance (-40℃~ 150℃), weather resistance and other excellent aging resistance.

Rubber Gasket Sealer Black is very important, although it is very small, but it will affect the overall use of the car, we still need to pay attention to, good sealing can use life will be very long. We can customize products according to customers' requirements.

It is also important that the gasket allow necessary maintenance by allowing separation and reassembly of the sealing surface. For this reason, it is important to keep the gasket sealed for as long as possible. By selecting the right material for the application and taking into account all the characteristics of the service environment, the service life of the gasket can be significantly increased.

EPDM Rubber Gasket Sealer Black For Automotive Lamps Details:

Automotive Black Rubber Parts For Car Lamps Gasket Sealer Rubber Cover can be prevented water from entering , effectively protecting the life of the bulb.
